No Minutes to Approve

Citizen Speak:

Ellen Korpi spoke on the importance of sustainability and the alignment on an energy intensive project like this between sustainability and lower operating costs. Copy of comments provided and posted on website.

Martha Collins identified the need and attractiveness of an indoor track to the community.

Regine LaRocque identified sustainability and health and wellness are important.

Olivia Gieger discussed importance of thinking about sustainability and incorporating green design and energy into the project. Copy of comments provided and posted on the website.

Committee reviewed criteria scores

Thoughtful discussions on each criteria held. "Outlier scores" discusses to understand point of view. Group decided to allow revision of scores with final scores due to Mr Wrobel by Monday evening. Copy of scores attached.

Nest Steps

Committee decided to submit any revised scores to Mr Wrobel. Committee agreed to identify biggest open questions remaining that would prevent a favorable recommendation to the BoS to be discussed in our next meeting.

Motion: To approve adjourn Suzy Littlefield
Second: By Mark Wolfson
Vote: All in favor

Meeting ended at 8:40 pm
