

PLAYING FIELDS TASK FORCE

MINUTES

September 14, 2012

7:45 am at Warren

Attending:

Tom Harrington, Recreation
Mike Jennings, Lacrosse
Stephen Murphy, NRC

Jan Kaseta, Recreation
Bill Darcey, Hockey
Janet Bowser, NRC

Cynthia Westerman, Football
Owen Dugan, BPW
Steve Burt, School Comm.

Minutes for July 20, 2012:

Motion: To approve by Mike Jennings
Seconded: By Cynthia Westerman
Vote: All in attendance in favor

High School Stadium Task Force:

Tom Harrington reported that, at the last meeting, the DPW agreed to use money from the field use fee fund (up to \$10,000) to put out an RFP for schematic design. The RFP should go out this coming Monday.

Cynthia Westerman went to see Hans Larsen about using money from the High School project (leftover funds) to do this project. Hans felt that PBC would not go for this. Hans also said that the Task Force should put together a packet so that the project could be put into the 5 year plan.

Mike Pakstis has agreed to be the project manager.

Tom Harrington, Mike Jennings and Mike Pakstis will continue working on the project. Steve Burt and Janet Bowser also agreed to help out.

900 Worcester Street Update:

A full committee has been formed along with the following sub-committees: rink, field and pool.

Sprague Meadow Parking & Bathroom:

Under the new CPC guidelines, CPC money could pay for building the bathrooms.

The School Department is considering using the meadow area for a turn around.

General Fields Discussion:

Cynthia Westerman – Grades 2-12 are all using the same fields for practice (Multi-purpose) and the field is taking a beating.

Royal Lacrosse – Asking for field use Sat and Sun mornings in October. Request denied due to lack of fields.

Cynthia Westerman – Looking for a master schedule for field use. Mike & Tom suggested that your football work closely with John Brown on field use.

Next meeting:

Friday, October 12, 2012, 7:45 am @ Warren

Motion: To adjourn by Mike Jennings

Seconded: By Steve Murphy

Vote: All in favor

Meeting adjourned at 8:25 am.
