

## Network & Information Systems Department

The Network & Information Systems (NIS) Department is responsible for planning, promoting, maintaining, and supporting computer software and hardware technologies that facilitate the efforts of all Town departments to service the residents of Wellesley. More specifically, NIS staff implements policies and procedures to ensure the quality and consistency of the Town's digital resources; provides programming support for financial (e.g. accounting, payroll, billing) and other business management applications; provides technical support for personal computers, servers, and peripherals; maintains a secure, reliable, high-speed campus network with internet connectivity for all staffed buildings; and helps Town managers make informed decisions through the implementation of Geographic Information System (GIS) technologies.
