Liaison Reports

Schools/Jenn Fallon– School Committee moved their antibully listening session to next Tuesday.

COA/Corinne Monahan – provided an update on COA activities. There is a community outreach program on Nov. 9 to try to get more people involved

- Question: How is COA's staffing and are they able to keep people now?
 - The director is going out on maternity leave and the assistant director will be filling in for her during her leave. There seems to be enough staffing but they are looking for more volunteers.

BOH/John Lanza – BOH presenting to Advisory in November and the expectation is from the operation side everything is the same. They may need additional space in the Warren building and there could be some capital expenses related to the additional space. A suggestion was made to ask the BOH to speak to the health risk of PFAS.

DPW/Pete Pedersen– DPW seems optimistic about a permanent solution to PFAS to be discussed and dealt with expeditiously but much information is still needed.
