RES-21-235	Building Permit - Residential	Margot Phillips	(617) 875-3045	3/20/2021 0:14	1 FLETCHER ROAD, WELLESLEY, MA 02481	Active	John David Phillips III and Margot L Phillips	1920	SR20	65-5	Repairs	We would like to repair and replace the floor of our existing two-car garage. This is part of a larger project in which we will repair and replace the existing apron to the garage and re-pave and widen the driveway. The rationale for this work is that the garage floor and apron have settled significantly and are cracking and causing structural problems . We have applied for and received a Negative Determination of Applicability with Wetlands to proceed with the driveway project.Groundswell Landscape Design is overseeing the project. The Building Permit we are requesting would be to jackhammer and remove the existing concrete floor. It would be replaced with 3/4 inch crushed stone aggregate, followed by a steel rebar grid approximately 18 inches throughout. Finally, there would be a poured concrete floor that would be 4 inches thick.	\$6,800.00	Yes		18,087
