

## Using the Wellesley Trails Viewer

The Wellesley GIS Department and Trails Committee have created a website to help you navigate Wellesley's trail system. To use the site, follow the instructions below:

1. Open the web browser on your phone and navigate to <https://www.wellesleyma.gov/trailsviewer>
2. Tap the search box at the top if you'd like to search for an address or parcel ID
3. The top left corner of the screen contains your map tools

Tap the **Zoom** buttons to zoom in or out on the map

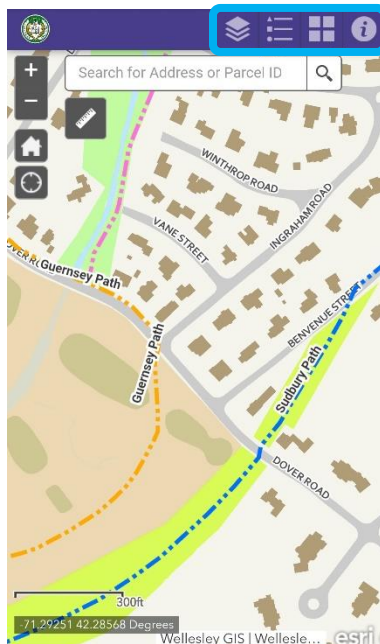

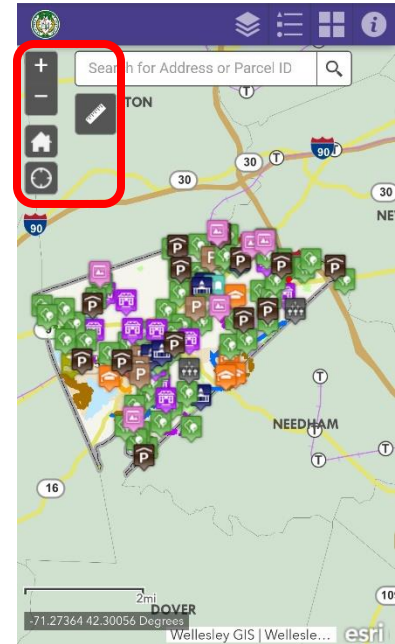

Tap the **Home** button to zoom to the townwide view

Tap the **Location** button to turn on the GPS locator and follow your location on the map

Tap the **Measure** button to measure a distance or area on the map

4. The top right corner of the screen contains your layer and info tools

Tap the **Layers** button to turn map layers on and off

Tap the **Legend** button to see the legend of visible map layers and their symbols

Tap the **Basemap** button to change the basemap to aerial imagery or other styles

Tap the **Disclaimer** button to view information about the map and the data disclaimer
