

# Wellesley Design Guidelines PUBLIC MEETING #2

**WHEN:** Wednesday, November 7th, 7:00pm

**WHERE:** Great Hall, Wellesley Town Hall

For more information visit <http://www.wellesleyma.gov/1151/Design-Guidelines-Update>

The Town has been working with Gamble Associates to create Design Guidelines for the primary commercial corridors in Wellesley. The Guidelines will enhance the economic vitality of the town by defining expectations for development while still allowing for flexibility to

foster high-quality design. Public input is important as we work to define the community's vision for building quality, massing, height and character, as well as open space and the interface with the public realm. Come out again and share your thoughts on the future vision!
