Thank you Michael,

If not too late, the neighbors would also like to submit the attached images as examples of:

- Traffic consequences that have resulted from Mr. Derenzo's construction activities at 680 Worcester St. between 9/26-10/23 (coinciding with utility work buy National Grid.)
- Queue issues at Francis Rd. and School St. resulting from the new Kingsbury stoplight and recent construction and utility work near 680 Worcester St.
- How Stearns Rd. and Francis Rd. provide safe passage to (and between) Sprague and Wellesley Middle Schools.

Thank you,

Pete
