

# MyEnergyXpert is here!

**Are you spending too much on energy?**

**Are you searching for ways to lower your utility expenses?**

**Consider an online home energy assessment of your home!**

The Wellesley Municipal Light Plant has partnered with Energy New England (ENE), in presenting an exciting new platform that will help you identify energy saving opportunities in your home. MyEnergyXpert is an online home energy assessment platform that is quick, easy and convenient! This smart energy assessment has been used by 800,000 home-owners across North America and has identified more than \$25 million in energy savings opportunities and leads to reducing energy bills by up to 25%. Sign up for your free assessment. The first 20 people to complete the assessment will receive a complimentary \$25 gift card.

Get started today by going to the Town of Wellesley website announcements and click on the MyenergyXpert.com link and start your assessment:
