

# ***Hunnewell Fields Athletic Lighting Review***

**Bob Parks**

**Smart Outdoor Lighting Alliance (SOLA)**

**May 20, 2021**

# Goals of Assessment

1

Evaluate Existing Conditions, Opportunities for Improvement

2

Verify existing Lighting plans

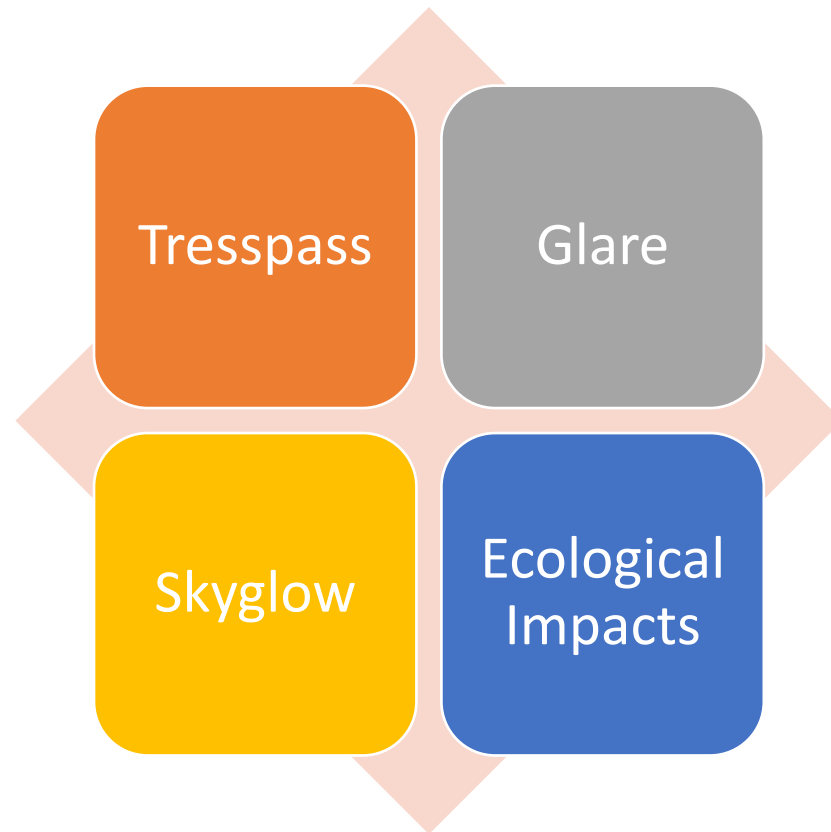

3

Calculate Baseline Lighting Levels

4

Explore Costs and Benefits of Lighting Modifications, potential addition of lighting system at High School.

# Adverse Lighting Impacts

# ***Initial Findings***

- **Hunnewell Multipurpose Diane P. Warren Field and Tennis Courts**
  - Metal Halide (HID) system installed ~20 years ago
  - Used some shielding to minimize off-site impact
  - Still creates substantial glare and light trespass to neighborhood residences
- **Reidy Field**
  - Metal Halide (HID) system Installed ~15 years ago
  - Uses the best shielding available for HID
  - Minimizes glare and light trespass
  - Still under manufacturer's warranty

# *Questions?*

*Please use the chat function on the  
webinar.*

# ***High School Track and Field***

# ***Initial Findings***

- **Track and Field**
  - **Proposed LED System will use the best fixtures available for type of field**
  - **Design should meet IDA Community Friendly Lighting Program Requirements**
  - **Energy reduction of 60% over traditional HID systems**
  - **Innovative fixture design/shielding will minimize off-site impact**
  - **Combined fixtures will introduce 6.75 million lumens into the community**
  - **This will create glare and light trespass for neighborhood residences and increase sky glow**
  - **Only real mitigation strategy available is to use appropriate lighting levels and scheduling.**

# ***Proposed Musco TLC LED System***

*Glare*

# *Light Trespass*

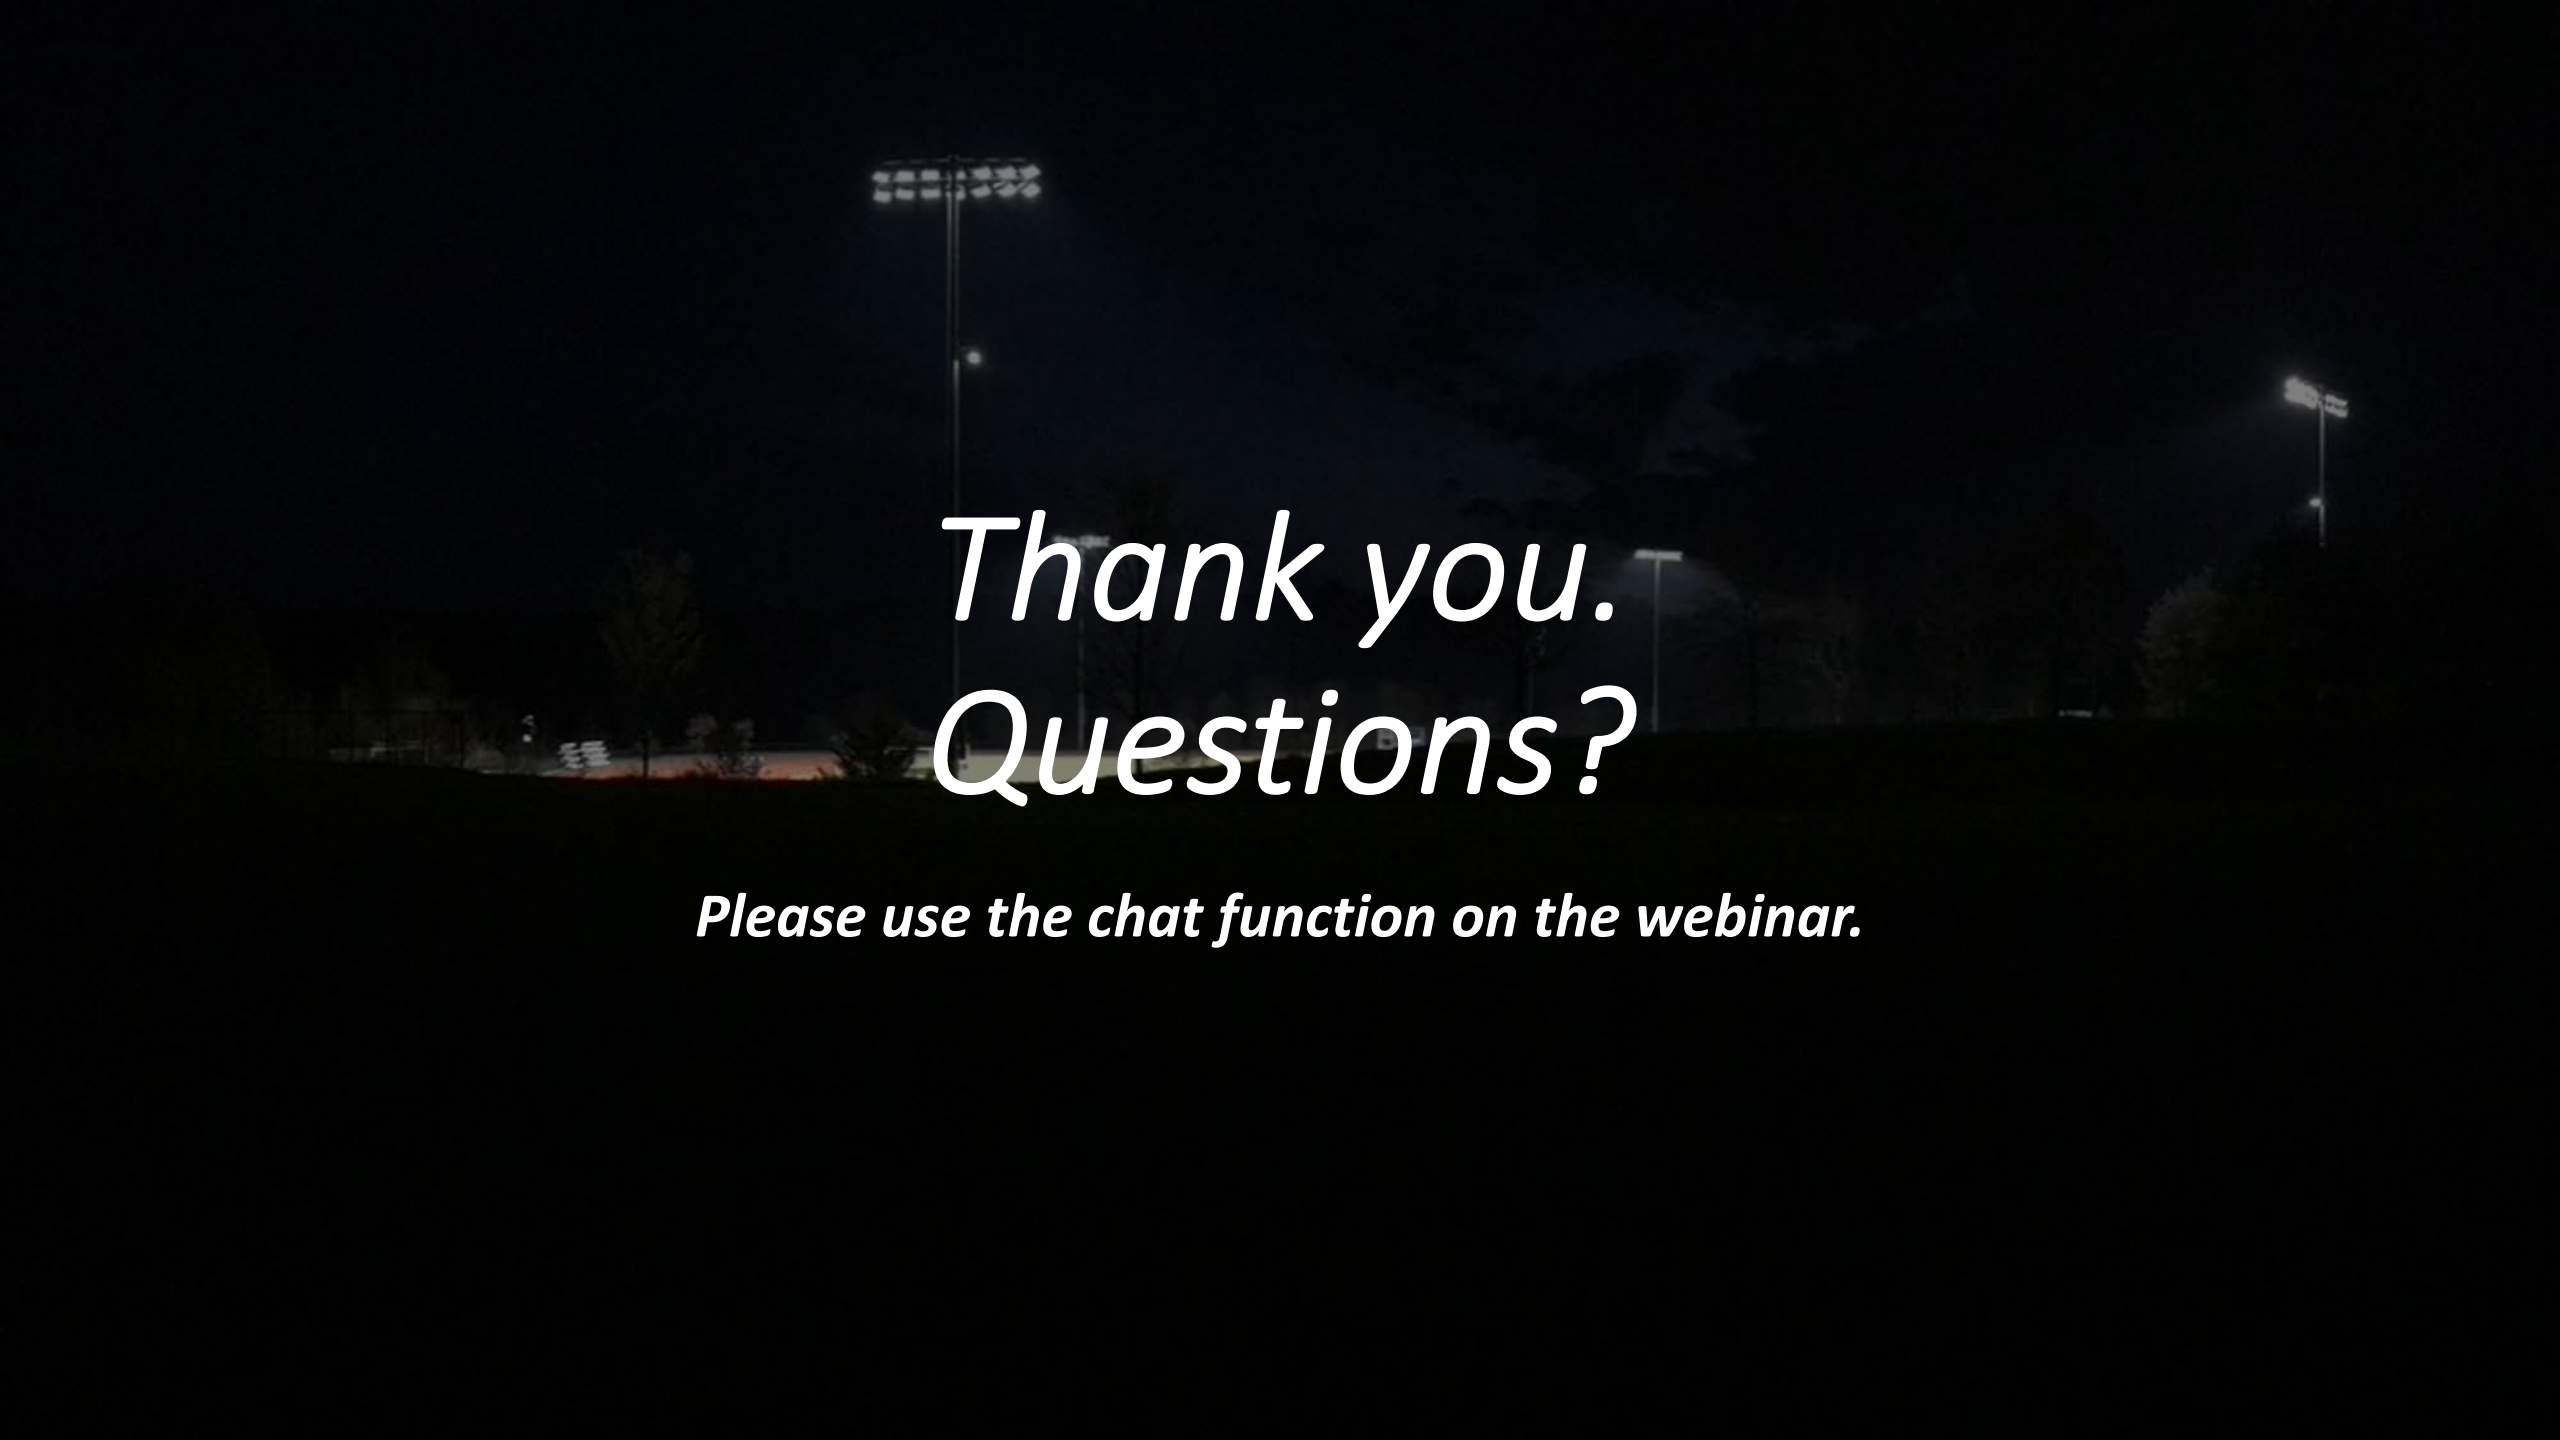

# ***Musco Initial Estimates***

- **Reidy Multipurpose Field - \$80,000 - \$90,000 plus labor**
- **Hunnewell Tennis Courts - \$85,000 - \$95,000 plus labor**
- **Hunnewell Multipurpose Field - \$125,000 - \$135,000 plus labor**
- **WHS Track and Field - \$305,000 - \$315,000 plus labor**

## ***Recommendations***

- ***Conduct extensive public outreach and education***
- ***Use appropriate class of play lighting levels***
- ***Use scheduling app to ensure lights are only on when needed***
- ***Install Hunnewell Multipurpose Field LED as a proof of concept before proceeding with others***
