

Bates Fall 2021 After School Enrichment

Activity #422502

Kickstart Python

Instructor: WHS Students

Kickstart Python is an after-school class taught entirely by High School student from WHS. The class teaches kids, from grades 3-5, the fundamentals of Python in an engaging and creative style. Each week will cover different topics while building on what came before it, so that the students will come out with an understanding of the main principles of code.

6 weeks

Min: 6 /Max: 10

S#	Grade	Day	Time	Date	Price
02	3-5	Mon	3:10-4:10pm	10/25-12/6 (No 11/29)	\$105.00

Earth, Space & Sea

Instructor: Wicked Cool for Kids

Take a look at our big blue planet and beyond! Delve deep into space, train like an astronaut, and build air powered space shuttles to exit the atmosphere. Next, return to Earth to analyze the makeup of the planet's surface and Earth's extremes like earthquakes and erupting volcanoes. Then, we'll dive down deep into the ocean to explore like ocean engineers to stop an oil spill, and investigate ocean invertebrates.

6 Weeks

Min: 8 /Max: 10

S#	Grade	Day	Time	Date	Price
03	K-5	Tues	3:10-4:10pm	10/26-12/7 (No 11/2)	\$158.00

Drama Club

Instructor: Molly Cote

Laughing No Laughing, Slow Motion Emotion, Bus Stop, One Word Story, Birthday Party, Look and Scream, Intro and Applause...these are just some of the fun and active drama games that your performers will play to get warmed up and learning all they need to know for a good base in all things theatre. From the creative kid who loves to be center stage to the quieter child with a super imagination - there is room for everyone in Drama Club! Showcase of scenes for friends and family will be videoed and sent to families.

6 weeks

Min: 6 /Max: 10

S#	Grade	Day	Time	Date	Price
04	2-5	Tues	3:10-4:10pm	10/26-12/7 (No 11/2)	\$210.00

Kickstart Scratch

Instructor: WHS Students

Kickstart Code is scratch based programming class taught by students of Wellesley High School. The course uses exciting and engaging activities to introduce kids to the primary principles of code while encouraging exploration and discovery and helping foster a lifelong interest in coding

6 weeks

Min: 6 /Max: 10

S#	Grade	Day	Time	Date	Price
01	K-2	Tues	3:10-4:10pm	10/26-12/7 (No 11/2)	\$105.00

Lego Robotics WeDo

Instructor: Wicked Cool for Kids

LEGO Robotics WeDo 2.0 teaches kids programming skills while making science come to life! The newly designed software and LEGO building kits allow kids to make untethered, free-roaming robots capable of completing structured and open ended tasks. Build roaming bots that use sensors to know when to stop or create a shake table to test house designs to withstand an earthquake. Explore fun, new programming options with WeDo 2.0 and Wicked Cool.

Min: 6 /Max: 10

S#	Grade	Day	Time	Date	Price
06	3-5	Thurs	3:10-4:10pm	10/28-12/16 (No 11/11 & 11/25)	\$158.00

Chess Lessons

Instructor: Future Masters Chess Academy

This class is led by Jeff Penta who is an established chess Coach and who has taught chess at the Wellesley Chinese language school for the past 4 years. Our program is designed for children of all levels. Our focus is to use the royal game of Chess to improve every child's cognitive development which includes decision making, creative thinking and critical thinking skills. We are producing future masters and leaders.
