Bates	291
Fiske	339
Hardy or North 40	317
Hunnewell	266
Schofield	331
Sprague	298
Upham	312

The counts for Wellesley Public School Elementary Students reflect the 2016-17 K-5 student enrollment for those students enrolled in Wellesley Public Elementary Schools that live in Wellesley on 10/1/2016. Thus, METCO students and children of faculty that live outside Wellesley are not included in this analysis. Children that attend a different school than they are districted to are counted at their place of residence rather than the school they are attending so that we can analyze student populations as a whole in geographic areas. The student counts for these geographic outliers will be accounted for in student population totals for schools when final scenarios are considered.
